MEDITERRANEAN PRODUCTS

FROM THE HEART OF THE FARMS

— • —

Controlled from the field to the tank

- ✓ Vertical integration controls every step of the process.
- ✓ In-House Audit for Soil Health and Water Management.
- ✓ Owning olive groves and trusting local growers with the final product.
- ✓ Stored in temperature-controlled stainless-steel tanks under inert gas protection.

Compliance to International Quality standards

- ✓ Highest standards of quality and efficiency.
- ✓ Separate facilities for conventional and organic storage.
- ✓ Complete traceability guarantees transparency and quality from the grove to the bottle.
